All efforts should be made to prevent silt and/or mud from being transferred to neighboring properties and the road. Gravel must be placed on the entrance to the construction site of homes to help mud from leaving the site.

Please note that the checklist below is meant to be used as a guide; all that apply must be submitted.

- Copy of business license
- Copy of state license
- Two sets of paper construction plans OR one digital {signed and sealed pursuant to O.C.G.A 43-4-14(b)(3)}
- Site plan
- Scope of work (see requirements page)
- Typical wall sections
- Figure 7 Deck Framing Detail
- Authorized Permit Agent / homeowner affidavit
- Erosion, Sedimentation, Pollution Control Plans (ESPCP) {disturbing 1 acre or more OR as a tertiary permittee}
- Septic approval permit
- Well approval permit
- Verification of Ownership {if recent purchase}
- Asbestos abatement notice [demolition only]

This permit issued for an initial term of 180 days {6 months} but shall be considered abandoned if work is not commenced within the first 60 days after permit issuance; the permit may be extended for up to an additional 180 days {6 months} after a request in writing is received accepted by the Community Development Manager. Trade permits are required for electrical, plumbing, and mechanical work unless otherwise noted by the Community Development Manager.

I hereby certify that I have read and examined this application and the information provided herein is true and correct. No changes shall be made from that which is stated in this application, or in attached plans and specifications. The granting of a permit shall not be construed as a permit for or an approval of any violation of the Building Code or any other state or local law regulating construction or the performance of construction. I further certify that all construction will comply with all adopted codes, ordinances, and that there may be a fee associated with obtaining county permits.

Signature of Permittee or Authorized Agent: _____

Date: _____

The Authorized Permit Agent form must be used by a licensed contractor to designate an individual to obtain permit(s) on his/her behalf for a project(s). The contractor should submit an Authorized Permit Agent Form for EACH project that he/she designates an individual to pull permits for. The form is to be given to the permit office in the city or county in which the project is located.

[Office staff will give form]

If the homeowner is building the home and not using a licensed contractor then an Affidavit for Owner Permit must be completed.

[Office staff will give form]
